

DOUGLAS TENNIS POST

Premier XS

.... for unmatched quality, strength and flexibility!

Quality...

Material The post is 2 7/8" o.d. round 8-gauge steel. Complete with welded lacing rods for securing the net to post. Caps and gear housings are die-cast zinc for maximum rust and corrosion protection.

Finish The finish is baked on polyester powder coat which is virtually chip and fade proof. Thanks to Allied's state of the art, Flo-coat® process the steel has a maximum rust protection. Standard colors are Forest Green and Black.

Hardware The hardware includes a jam free cable tensioning system with superior hardened gears and case. The post is easy to operate with a 30:1 self locking gear ratio. The gears are available in three superior materials including, stainless steel, plated steel, or brass. The removable handle is flush mounted leaving no external gears or parts to cause injury or snagged clothing. The hardware is available in optional chrome or brass finish.

Plated Gears: Green #63032, Black #63034
Brass Gears: Green #63032BR, Black #63034BR
Stainless Steel Gears: Green #63032SS, Black #63034SS

Allied's Flo-coat® Process:

Sidewinder for cost effective durability!

The Sidewinder is a heavy duty externally wound post. The steel tubing is available in 2 7/8" or 3 1/2" o.d. with a wall 3/16" thickness. Lacing rods included only on the 3 1/2" post. The reel's gear ratio allows for smooth and easy adjustment. The handle is removable to prevent any unwanted tampering. Available in black and forest green baked on polyester powder coat finish.

2 7/8": Green #63001, Black #63003. 3 1/2": Green #63005, Black #63005B.

REEL-1 -Replacement Reel for external-wind tennis posts has a ratioed operation to work smoothly. Heavy-duty steel construction. Removable handle. Slotted to fit most posts. Available in green or black acrylic finish. Green #33430, Black #33430B

REEL-SL -Replacement Reel for external-wind tennis posts. Includes a self locking mechanism to prevent recoil during winding. Removable handle. Slotted to fit most posts. Green powder coat finish. Green #63431

DELUXE REEL -Replacement Reel for 2 7/8" diameter posts. Handle is removable. Available in green or black. Green #33435, Black #33435B

DOUGLAS TENNIS POST

Premier RD/SQ for that sleek courtside look!

Quality...

Material Available in 3" o.d. round (RD) or 3" square (SQ) of durable 11 gauge steel. Complete with welded lacing rods for securing the net to post. The caps and gear housings are of cast aluminum alloy for maximum exterior use.

Finish The exterior finish is a baked on polyester powder coating that is virtually chip proof and fade proof. Standard colors are forest green and black. The gear plate and handle are chrome plated for superior protection.

Hardware The post is internally wound and features a self locking gear mechanism to prevent recoil during winding. The steel gears are plated for rust resistance. The small gear is case hardened to prevent jamming. Gear operation is 30 to 1 to ensure easy operation. The handle easily removed which, with the mechanisms internal design leaves nothing on the outside to snag clothing or cause injury.

RD: Green #63050, Black #63051 SQ: Green #63053, Black #63054

DTP-37 for durability and reliability!
